NotePlan, Markdown.

## noteplan for windows

I find the lack of decent 3rd-party apps for it frustrating, especially on iOS, but Flume has been a delight on macOS.. ' - Brett Terpstra, MacStories 'If you love plain text notes, but hate that they have no way to integrate with your calendars and reminders, then you might just find this to be the perfect app.. It's for people who love writing and plan by writing everything down If you love using Moleskin Diaries or Journals, NotePlan is perfect for you.. NotePlan helps you fix this pain with a mix of a markdown calendar, journal, notes, and todo-list.. • Schedule individual todos from a general note directly into the calendar SUPPORT If you have any issues, ideas or questions send us an email to hello@noteplan..
